Video intercom solutions for everyone

- ✓ INTUITIVE OPERATION VIA SINGLE TOUCH SCREEN
- ✓ USER-FRIENDLY APP
- ✓ CAMERA WITH NIGHT VISION

# Facila neXt

Always connected

With the Facila neXt, ENTRYA introduces an innovative video intercom to communicate with your visitors remotely.

Do you want to be able to communicate with your visitors easily and without hassle? Then the Facila neXt is your video intercom! Ease of use and comfort have been paramount from the very first design.

The Facila neXt is equipped with a handy touch screen that you will be able to operate intuitively. What's more, you can also control the Facila neXt with a handy app, even when you are not at home!

You don't have to worry about the installation either. Installation is very simple and does not take much time. If you wish, you can extend a Facila neXt system to 4 indoor and 4 outdoor units.

## The power of simplicity

Easy communication with your visitors, that's what you want. And so do we at Entrya. That's why we've made it easy for you to control our video intercom remotely with an app. The inbox of our Facila neXt supports both Android and iOS. Download the free app and quickly connect it to your video intercom system via wifi. The app allows you to control your Facila neXt wherever you are.

## Monitor with built-in wifi support Remote control with Android/iOS app

Easy installation and communication with  
the Facila neXt via your smartphone

### AUTOMATIC PHOTO RECORDING ON INCOMING CALL

If this function is active, a picture of the caller is automatically taken at the beginning of each call. It is possible to take additional photos during the call.

### AUTOMATIC VIDEO RECORDING ON INCOMING CALL

When ringing the bell, a 15-second video recording with sound is made automatically. During the call, it is possible to record additional\* video images. \*With micro SD card

### DO NOT DISTURB

Enable or disable the 'Do not disturb' function. If this function is active, the phone will not ring when the doorbell rings. However, the call may be forwarded to your smartphone.

### CHOOSE YOUR BACKGROUND

Choose your favourite background for the indoor station from four themes.

### GENERAL CALL FUNCTION FLAT

Do you have more than one indoor station? Thanks to the general call function, you can pass on your message at the same time via all your internal receivers.

### EXTERNAL LIGHTING CONTROL

With the optional RM1 relay module you can remotely control your lighting.

## Glass touch screen

The touch screen of the Facila neXt is made of glass. With this, we resolutely opt for quality.

The use of glass results in a sleek, durable design. Moreover, it is easy to maintain because it does not attract dust and is much less prone to scratches.

# Facila neXt

## D21S

### Door station with card reader

The Facila neXt door station is as simple and convenient to use as the entry panel. You and your visitors really don't need a manual to use it. Still important, isn't it?

The easy-to-read illuminated nameplate next to the push-button is a handy extra feature. We have deliberately kept the design of the Facila neXt door station quite sober. In this way it integrates seamlessly into any facade style. The discreetly integrated card reader provides access via a personal tag.

### Suitable for your apartment building

The ideal solution for your single-family home, house with practice area, townhouse with multiple entrances or smaller apartment buildings. The Facila neXt D21S and D21S/B are available with 1 to 4 pushbuttons. The Facila neXt system is expandable up to 32 receivers in combination with a maximum of 4 entry panels.

## Personalised illuminated nameplate

The sleek design of the Facila neXt outdoor unit D21S is given an extra refined look by the black personalised nameplate. Your name and house number engraved as transparent text on a black background clearly indicate who to contact. It is possible to have just one name for a residential property or several names for a flat, with a maximum of 4 pushbuttons. The name plate is UV-resistant, illuminated and guarantees permanent clarity.

### BUILT-IN CARD READER

Thanks to the built-in card reader you can open the door with your personal tag. This is done safely, simply and above all very user-friendly. The key is replaced by a tag with RFID technology.

### CONNECTION FOR ELECTRIC LOCK AND AUTOMATIC GATE

Is the entrance to your building equipped with an electric lock? Or do you have an automatic gate? You can also operate it with your indoor station, your tag or with the Facila neXt app.

### SECURE ACCESS TO YOUR HOME

You can set your Facila neXt so that a photo or video is automatically taken when you ring the doorbell. This way you always see who is ringing the doorbell before you decide to open the door. This considerably increases your safety. The optional RM1 relay module makes it impossible to open the door in the event of sabotage of the entry panel.

### PROTECTED AGAINST ALL WEATHER CONDITIONS

The Facila neXt not only has a beautiful design, but is also resistant to all weather conditions. With the optional rain hood you limit raindrops on the camera and you always have a perfect view.

# Facila neXt

## D22S

### Surface-mounted door station with keypad

The combination of just one bell push button and the code keyboard creates a sleek and elegant door station. The pleasant, clear push buttons are effortless to operate. In addition, the buttons are illuminated so that you can easily ring the doorbell or enter your code even in the dark.

### Increase your security!

Combine the Facila neXt D21S with the ENTRYA camera to increase your security. With this 4 megapixel camera, you can perfectly monitor your driveway or garden from the screen of your indoor station or with the Facila neXt app. This camera is weatherproof and has up to 30 metres of night vision.

#### ILLUMINATED KEYS

With the Facila neXt D22S you can easily enter your code. Thanks to the illuminated numbers on the keys, you can also operate the keyboard at night without any problems. The keys are also optimally integrated into the keyboard. The result? A beautiful, contemporary design.

#### CONNECTION FOR ELECTRIC LOCK AND AUTOMATIC GATE

Is the entrance to your building equipped with an electric lock? Or do you have an automatic gate? You can also operate it with your indoor station, your tag or with the Facila neXt app.

#### SECURE ACCESS TO YOUR HOME

You can set your Facila neXt so that a photo or video is automatically taken when you ring the doorbell. This way you always see who is ringing the doorbell before you decide to open the door. This considerably increases your safety. The optional RM1 relay module makes it impossible to open the door in the event of sabotage of the entry panel.

#### PROTECTED AGAINST ALL WEATHER CONDITIONS

The Facila neXt not only has a beautiful design, but is also resistant to all weather conditions. With the optional rain hood you limit raindrops on the camera and you always have a perfect view.

# Facila neXt

## D22F

### Flush-mounted door station with keypad

The combination of just one bell push button and the code keyboard creates a sleek and elegant door station. The pleasant, clear push buttons are effortless to operate. In addition, the buttons are illuminated so that you can easily ring the doorbell or enter your code even in the dark.

### Dial your number and ring the bell!

Combine the Facila neXt entry panels D22S or D22F with the ENTRYYA nameplate for a clear overview of the flat residents. The stainless steel-look aluminium nameplate is fitted with a solid, screened window.

#### ILLUMINATED KEYS

With the Facila neXt D22S you can easily enter your code. Thanks to the illuminated numbers on the keys, you can also operate the keyboard at night without any problems. The keys are also optimally integrated into the keyboard. The result? A beautiful, contemporary design.

#### CONNECTION FOR ELECTRIC LOCK AND AUTOMATIC GATE

Is the entrance to your building equipped with an electric lock? Or do you have an automatic gate? You can also operate it with your indoor station, your tag or with the Facila neXt app.

#### SECURE ACCESS TO YOUR HOME
